Scott,

Here are the slides from the meeting. I'm also sending the EPA dive team report & a figure from the RI Report showing the ground water sample locations & results.

Thanks for your help with this.

Regards,

Gary Miller

Hi Donn and Gary-

You put on a terrific meeting last night. Thank you for making it so productive. I hope your travel back to Dallas went well.

Gary – I saw your email request to add the OMM Plan to our SJRWP webpage. I will do so. Can you also send me the slides from last night in PDF and anything else you want me to add, e.g. groundwater testing results.

If needed, I can create a Related Documents section on our webpage for anything that you have that is not necessarily part of the actual cleanup process. Just let me know if any item you send me falls under that category. Other government entities may ask me to add items that would be appropriate for such a section, e.g. last night, Tina Walker asked me to place their cancer cluster document on the page...

Donn - One quick question. I failed to jot down notes when you answered my question about the CIP. Can you reply to let me know if it is still in draft form or final version and what year it is from? If it is draft form, can you tell me when it might be reviewed for final approval? I am happy to place whatever latest version there is on the webpage; just shoot it over to me if desired.

Thanks-
Scott
